

CBA 2: Features of Quality

The features of quality are the criteria used to assess the student work.

Exceptional	Features of Quality
<p>A piece of work that reflects these Features to a very high standard. While not necessarily perfect, the strengths of the work far outstrip its flaws, which are minor. Suggestions for improvement are easily addressable by the student.</p>	<p>The presentation displays exceptional research showing a comprehensive and thoughtful exploration of the chosen topic, drawing on a range of sources.</p> <p>The presentation provides compelling evidence of how the defining moments had an impact on the Jewish people.</p> <p>There are insightful personal reflections and conclusions, backed up with evidence.</p>
Above expectations	<p>The presentation displays very good research showing a detailed exploration of the chosen topic, drawing on a range of sources.</p> <p>The presentation provides good evidence of how the defining moments had an impact on the Jewish people.</p> <p>There is good evidence of personal reflection on the learning and some conclusions are drawn, which can be backed up with evidence.</p>
In line with expectations	<p>The presentation displays good research although it may be limited in the range of sources used or depth of exploration.</p> <p>The presentation provides some evidence of how the defining moments had an impact on the Jewish people.</p> <p>There is some evidence of personal reflection on the learning and an attempt to use the research to draw conclusions.</p>
Yet to meet expectations	<p>The research provides insufficient information and detail to support the presentation.</p> <p>The presentation provides little or no evidence of how the defining moments had an impact on the Jewish people.</p> <p>There is little or no evidence of personal reflection or conclusions.</p>
