

Brainstorm: Society and Medical Needs in 2050

Directions: One person fills in the worksheet for the table.

1. What will society be like 30 years from now?

2. What medical needs do you think we will have to encounter 30 years from now?

Activity: Properties of Materials

Directions: Each person fills in the worksheet.

Biomaterial	What are the physical properties of the biomaterial?	Where in the body might the biomaterial be used?	What properties of the material make it suitable for this location?
Fibres			
Gel			
Sponge			
Film			
Mesh			

Activity: Guess Who?

Directions: One person fills in the worksheet for the table.

Medical Device	What is the shape of this device?	What function could the shape provide?	Where in the body might this device fit?	What in the body could this device do?
